## You will need:

- playdough
- (tutorial is on our website)
- brown food colouring
- fuzzy wires
- poms poms or painted dried chickpeas
- buttons
- googley eyes
- gingerbread man cutter

## TOP TIP

Add some ground ginger and cinnamon to the playdough for a festive scent

First follow our playdough tutorial on our website to make your homemade playdough. Then add the brown food colouring to the playdough to make a biscuit brown colour. Take a handful of playdough and help your little one flatten it out, use the cutter to make a gingerbread man. Then invite your little one to create their own little gingerbread man using the buttons, fuzzy wires, poms poms as they wish.
